

How to *fix* Dungeon Siege expansion Legends of Aranna on Steam

- **Download** the *Legends of Aranna* fix from one of the [links](#) below.
- **Extract** the content of the archive to your `Dungeon Siege` [installation folder](#), overwriting all files when prompted.
- (Optional) **Rename** `DSL0A.exe` to `Dungeon Siege.exe` if you want to run *Legends of Aranna* from GOG/Steam.
- (Optional) **Run** the reg patch from the `Dungeon Siege` [installation folder](#) and select option 1.
